Google

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.

+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.

+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.

+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at http://books.google.com/

QUEEN'S PLATE ARTICLES.

[It is her Majesty's Command, that these following Rules be observed by the Owners and Riders of all such Horses, Mares, and Geldings, as shall run for her MAJESTY'S PLATES at Newmarket.]

I. EVERY horse, mare, or gelding, that runneth for the said Plates, shall carry twelve stone, fourteen pounds to the stone, three heats.*

II. Every person that putteth in a horse, mare, or gelding, for the said Plate, is to show such horse, mare, or gelding, with the marks, name, and name of the owner, to be entered at the Queen's Stables in Newmarket, the day before they run; and shall then produce a certificate, under the hand of the breeder, that his horse, mare, or gelding, be no more than years old the grass before.

III. Every horse, mare, or gelding, that runneth, is to start between the hours of one and four in the afternoon; and to be allowed half an hour between each heat to rub.

IV. Every horse, mare, or gelding, that runneth on the wrong side of the post or flags, or is distanced in any of the heats, shall have no share of the said Plates, nor be suffered to run any more.

V. The horse, mare, or gelding, that winneth any two heats, winneth the plate; but if three several horses, mares, or geldings, win each of them a heat, then those three, and only they, to run a fourth heat, and the horse, mare, or gelding, that winneth the fourth heat shall have the Plate.

---

* By order it is altered to one heat, and different weights are appointed.

In the country the Lord Lieutenant, or the person appointed by him, decides where the horses are to be shown; and the Rules for the Queen's Plates at Newmarket are applicable to the country.

VI. And each horse's, mare's, or gelding's place, as he or they come in, by the ending-post, each heat, as 1st, 2nd, 3rd, &c., shall be determined by such judges as shall be appointed for that purpose by the Master of the Horse. And in case any horse, mare, or gelding, shall be then or after, proved to be above the age of years the grass before, the owner or owners of such horse, mare, or gelding, shall be made incapable of ever running for any of the Queen's Plates hereafter.

VII. As many of the riders as shall cross, jostle, or strike, or use any other foul play, as shall be judged by such person or persons as shall be appointed by the Master of the Horse, such rider shall be made incapable of ever riding any horse, mare, or gelding, for any of her Majesty's Plates hereafter; and such owner shall have no benefit of that Plate; but such owner may be permitted to run any horse, mare, or gelding, for any of her Majesty's free Plates hereafter.

VIII. Every rider shall, immediately after each heat be run, be obliged to come to the usual place of weighing, with his horse, mare, or gelding, then and there to alight, and not before, and there to weigh to the satisfaction of the judges appointed for that purpose.

IX. And in case of neglect or refusal thereof, such owners and riders shall be immediately declared incapable of running or riding any more for this or any of her Majesty's Plates hereafter.

X. And in case any difference shall arise relating to their ages, or in their running, or to these her Majesty's orders, &c. the same to be determined by such person or persons as shall be appointed by the aforesaid Master of the Horse.

*** *These Articles will continue in force for succeeding years, unless directed to the contrary by her Majesty.*

☞ A slight alteration will be observed in the Eighth Rule, as to the place where the jockey is to dismount. This was made with the sanction of his Grace the Duke of Leeds, when Master of the Horse to his Majesty.

RULES

CONCERNING

HORSE RACING IN GENERAL.

WITH A DESCRIPTION OF

A POST AND HANDICAP MATCH.

At a meeting of the Members of the Jockey Club, held 25th April, 1833—It was resolved that from and after the end of the year 1833, horses should be considered at Newmarket as taking their ages from the 1st of January, instead of the 1st of May.

With respect to other places, they will continue to be considered as taking their ages from the 1st of May, until the Stewards of those races shall order otherwise.

Four Inches are a Hand.
Fourteen Pounds are a Stone.

---

1. Catch Weights are, each party to appoint any person to ride without weighing.

2. Give-and-take Plates are, fourteen hands to carry stated weights, according to age; all above, or under, to carry extra, or be allowed the proportion of seven pounds to an inch.

3. A Post Match is to insert the age of the horses in the article, and to run any horse of that age, without declaring what horse, till he come to the post to start.

4. A Handicap Match is, A, B, and C, to put an equal sum each into a hat; C, who is the handicapper, makes a match for A and B, who, when they have perused it, put their hands into their pockets, and draw them out closed; then they open them together, and if both have money in their hands, the match is confirmed: if neither have money, it is no match. In both cases the handicapper draws all the money out of the hat; but if one has money in his hand, and the other none, then it is no match; and he that has money in his hand is entitled to the deposit in the hat.

5. Horses are not entitled to start without producing a proper certificate of their age, if required, at the time appointed in the articles, except where aged horses are included, and in that case a junior horse may enter without a certificate as to age, provided he carry the same weight as the aged.

6. No person shall start more than one horse of which he is the owner, either wholly or in part, and either in his own name or that of any other person, for any race for which heats are run.

7. The horse that has his head at the ending-post first wins the heat.

8. For the best of the plate, where three heats are run, the horse is second that wins one heat.

9. For the best of the heats, the horse is second that beats the other horses twice out of three times, though he did not win a heat.

10. Where a plate is won by two heats, the preference of the horses is determined by the places they get in the second heat.

11. Where a plate or subscription is given to the winner of the best of three heats, a horse, to win the prize, must be the actual winner of two heats, even though no horse appear against him for both or either of the heats.

12. When three horses have each won a heat, they only must start for a fourth, and the preference amongst them will be determined by it, there being before no difference amongst them.

13. In running of heats, if it cannot be decided which horse is first, the heat goes for nothing, and they may all start again, except it be between two horses that had each won a heat.

14. If a rider fall from his horse, and the horse be rode in by a person that is sufficient weight, he shall take his place the same as if his rider had not fallen, provided he go back to the place where the rider fell.

15. Jockies must ride their horses to the usual place for weighing the riders, and he that dismounts before, or wants weight, is distanced; unless he be disabled by an accident which should render him incapable of riding back, in which case he may be led or carried to the scale.

16. Horses' plates or shoes not allowed in the weight.

17. Horses running on the wrong side of a post, and not turning back, are distanced.

18. Horses drawn before the plate is won are distanced.

19. Horses are distanced if their riders cross or jostle.

20. All complaints of foul riding must be made before or at the time the jockey is weighed.

21. No distance in a fourth heat.

22. A confirmed bet cannot be off but by mutual consent, except in the cases hereinafter mentioned.

23. Either of the betters may demand stakes to be made, and on refusal declare the bet to be void.

24. If a better be absent on the day of running, a public declaration of the bet may be made on the Course, and a demand whether any person will make stakes for the absent party, and if no person consent to do so, the bet may be declared void.

25. Bets agreed to be paid or received in London, or any other particular place, cannot be declared off on the Course.

26. If a match or sweepstakes be made for any particular day in any race-week, and the parties agree to change the *day* to any other in the same week, all bets must stand: but if the parties agree to run the race in a different week, all bets made before the alteration shall be void.

27. The person who lays the odds has a right to choose a horse or the field: when a person has chosen a horse, the field is what starts against him, but there is no field without one horse starts against him.

28. Bets and stakes made in guineas are paid in pounds.

29. If odds are laid without mentioning the horse before the race is over, the bet must be determined by the state of the odds at the time of making it.

30. Bets made in running are not determined till the plate is won, if that heat be not mentioned at the time of running.

31. A bet made after the heat is over, if the horse betted on does not start, is void.

32. Bets determined though the horse does not start, when the words "absolutely run or pay," or "play or pay," are made use of in betting.

33. Where horses run a dead heat for a sweepstakes or plate, and the parties agree to divide the stakes, such horses shall be liable to carry extra weight as winners: and all bets between such horses or between either of them and the field, must be settled by the money betted being put together and divided between the parties, in the same proportion as the stakes shall have been divided. If a bet be made on one of the horses that ran the dead heat against a horse that was beaten in the race, he who backed the horse that ran the dead heat wins half his bet. If the dead heat be the first event of a double bet, the bet shall be void.

34. Bets made on horses winning any number of races within the year shall be understood, however the expression may be varied, as meaning the year of our Lord.

35. Money given to have a bet laid shall not be returned, though the race be not run.

36. Matches and bets are void on the decease of either party before the match or bet is determined.

37. A horse walking over or receiving forfeit, except for a match, shall be deemed a winner.

38. An untried stallion or mare is one whose produce has never run in public.

39. A maiden horse or mare is one that has never won.

40. It being an established rule that no person can *enter and run*, either in his own name or in the name of any other person, two horses of which he is wholly or in part the owner, for *any plate:* and doubts having arisen as to the true definition of the word "*plate*,"—the Stewards of the Jockey Club have decided that where a sum of money is given to be run for, without any stake being made by the owners of the horses (the entrance money, whether given to the owner of the second horse, or applied to the Racing-fund, not being considered a stake) such prize shall be construed to be a *plate*. But where a stake is deposited by the owners of the horses, which is to go to the winner; and an additional sum of money, or a cup, piece of plate, or other reward, is offered, as a prize to the winner, even though such addition shall be denominated a plate by the donor;—such race shall be deemed and taken to be a sweepstakes, and not a plate.

RULES AND ORDERS

OF THE

JOCKEY CLUB.

[NEWMARKET, 1st Nov. 1831.—At a meeting of the Stewards and Members of the Jockey Club, it was stated that much uncertainty had prevailed with regard to the operation of the rules and orders of the Jockey Club, and therefore it was thought proper to declare that they apply to all races run at, and engagements made for, Newmarket ONLY; the Jockey Club having no authority to extend their rules and orders to any other place, although they have, for the sake of greater uniformity and certainty, recommended the adoption of the same rules to the Stewards of other races.—And that the Stewards of the Jockey Club will not receive any references of disputes from any places except those at which the rules and regulations of Newmarket shall have been declared to be in force in the printed articles of those races.]

1. The former Rules and Orders of the Jockey Club were repealed from the 31st December, 1828, and the following Rules and Orders, with such additions and alterations as may from time to time be made therein, are substituted, and to be acted upon.

Respecting the Stewards.

2. The three Members of the Jockey Club now acting as Stewards shall be continued in their office till the next annual meeting of the Jockey Club, when the senior Steward (the one who has been the longest in office) shall quit his situation immediately after settling the accounts at that meeting, and shall then name a Member of the Jockey Club to suceeed him, subject to the approbation of the remaining Stewards and of the Members of the Jockey Club then present; and at every subsequent annual meeting the then senior Steward shall in like manner retire and name his successor.

3. If any difference of opinion shall arise on such nomination, it shall be decided by a majority of the members present; which ma-

jority must include one (at least) of the continuing Stewards; if both the continuing Stewards are in the minority, then there shall be a fresh nomination.

4. If any of the Stewards should die or resign between the periods of the annual meetings, the surviving or continuing Stewards may appoint a member of the Club to succeed the deceased or declining Steward, and to stand in his place in point of seniority; but such nomination shall be notified to the Club, at their next annual, or at any special meeting to be called for the purpose, and shall then be subject to the like approbation, as in the case of a senior Steward retiring at the expiration of his Stewardship.

When only one Steward is present, and neither of the absent Stewards shall have appointed a substitute, the Member of the Jockey Club present who has last served the office shall act ex officio.

5. All disputes relating to racing at Newmarket, if any of the parties interested should request the interference of the Stewards, shall be determined by the three Stewards and two referees (who shall be Members of the Club) one to be chosen by each of the parties concerned, if either of them shall desire to have referees. If only two Stewards be present, they shall fix upon a third person, being a Member of the Club, in lieu of the absent Steward; but the Stewards, if they think fit, may call in any other Members of the Jockey Club to their assistance, or may refer the case to a general meeting of the Jockey Club, if the importance or difficulty of the matter in dispute shall appear to them to require it.

6. If any dispute arising elsewhere than at Newmarket shall be referred to the Stewards of the Jockey Club, and they shall think fit to take it into consideration, the matter must relate to Horse-racing, the facts or points of difference be reduced into writing, and be sent by or with the sanction of the Stewards where the matter in question occurred, and the parties must agree in writing to abide by the decision of the Stewards of the Jockey Club.

7. The three Stewards, or any two of them, shall have full power to make such regulations as they may think proper in regard to the course and exercise ground.

8. The three Stewards shall have the power of appointing such person or persons as they may choose, to keep the Coffee-room, the Match-book, receive the stakes, and collect the entrance-money and all other funds belonging to the Jockey Club; and the Stewards shall be responsible to the Jockey Club for all the money collected as belonging to the Club. They shall also have the power to appoint the Judge of the Races, Clerk of the Course, or any other servants of the Club.

9. The Stewards shall fix the hour of starting for each race by nine o'clock in the evening preceding the day of running, and notice of

the time of starting is to be fixed up in the Coffee-room immediately afterwards.

10. The Stewards shall produce an account of the funds and disbursements of the Jockey Club at the annual meeting in each year.

Respecting the Admission of New Members.

For the Jockey Club.

11. Ballots for the Jockey Club shall take place in the Craven, First Spring, Second October, and Houghton Meetings. The candidate to be proposed in a meeting previous to the ballot, or in case the ballot takes place in the Craven Meeting, that notice of his being a candidate shall be stated in the Sheet Calendar published next preceding that meeting, and also put up in the Coffee-room on the Monday in that Meeting, and notice to be given in writing and put up in the Coffee-room on what day the ballot will take place, at least one day before the time of balloting. Nine members (at the least) shall ballot, and two black balls shall exclude.

For the New Rooms.

12. The ballot for members of the New Rooms may be in any of the seven established Meetings at Newmarket. Each candidate must be proposed by a Member of the Jockey Club, and his Christian and Surname and usual place of abode, with the name of the member proposing him, put up in the Dining and Card-rooms at Newmarket (or in such other place as the Stewards shall appoint) on the day preceding the ballot. The ballot shall be in the morning, between the hours of eleven and one; or in the afternoon, between the hours of four and six. Members of the Jockey Club only shall be allowed to ballot. Nine members (at least) shall ballot, and two black balls shall exclude. If eighteen members ballot, there must be three black balls to exclude.

13. A member of any of the Clubs in St James's street, known by the names of White's, Brookes's, and Boodle's, may be admitted a member of the New Rooms without ballot, on paying the same sum for his admission, and the same subscription, as are required of members chosen by ballot.

For the Coffee-room.

14. The ballot for members of the Coffee-room shall be in the Coffee-room at Newmarket (or at such other place as the Stewards shall appoint) on any day in the present seven established Meetings, between the hours of eleven and one o'clock in the morning. Each candidate must be proposed by a Member of the Jockey Club, and his Christian and Surname and usual place of abode, with the name

of the member proposing him, be put up in the Coffee-room the day before the ballot. Members of the Jockey Club only can ballot. Twelve members (at least) must ballot, and two black balls shall exclude.

15. Any member of the New Rooms may become a member of the Coffee-room, on signifying his wish to be so to any of the Stewards or to the keeper of the Coffee-room, and paying for his admission and subscription, as members chosen by ballot are required to do.

16. A person, though chosen, shall not be considered as a member of any of these Clubs until he shall have paid the usual sums for the admission aud subscription of a new member. And the name of every member, whose subscription shall be in arrear for one year, shall be placed over the chimney-piece in the New Rooms and in the Coffee-room at Newmarket, in the Craven Meeting of each year. And if such arrear be not paid by the end of the following Second Spring Meeting, he shall cease to be a member, and shall not be again admitted as a member until his arrears be paid, and until he be again chosen by ballot.

Any member of White's, Brookes's, and Boodle's (not being a member of the New Rooms) may be admitted to the New Rooms and Coffee-room, for any one meeting, without any other charge than the payment of one half-year's subscription to each. In the event of such person attending any other Meeting in the course of the same year, he is to be considered as a member of the New Rooms, and liable to all the usual charges.

The Subscription to the New Rooms and Coffee-room, and all other charges, except the Subscription to the Jockey Club, are paid half yearly; the July Meeting to be included in either half-year.

If any foreigner should be proposed at any time as a candidate for the New Rooms or Coffee-room, an immediate ballot may take place for such election, and all foreigners who are elected are liable only to the household expenses.

As to Nominations.

17. In all nominations and entrances for stakes, subscriptions, and plates, of horses, &c. which have not started before the time of naming, or entering, the sire, dam, and grandam of the horse, &c. named or entered must be mentioned, if known, unless the dam has a name which is to be found in the Stud-Book or Racing Calendar, in which case the name of the sire and dam will be sufficient. If the horse, &c. named or entered be own brother or sister to any horse, &c. having a name in the Stud-Book or Racing Calendar, it will be sufficient to name it as such. If the dam or grandam be sister (but which sister must be specified, if there be more than one), or dam or grandam of any horse, &c. having a name in the Stud-Book or Racing Calendar, it will be sufficient to mention her as such. If the dam or grandam

is not known, the sire of the horse, &c. must be mentioned, together with such other particulars as will be sufficient to identify the animal. If a horse has once appeared in the Racing Calendar by a name and his pedigree, it will be sufficient afterwards to mention him by his name only, even though he has never started. If the dam was covered by more than one stallion, the names of all of them must be mentioned.

18. If any horse, &c. shall be named or entered without being identified as before directed, he shall not be allowed to start in the race, but his owner shall be liable to pay the forfeit, or, if a play or pay race, the whole stake. All bets on a horse so disqualified for starting shall be void.

For other causes of disqualification, see rules under the head of stakes and bets.

In case any objection to the qualification of a horse on the ground of incorrect pedigree or nomination be made before the race is run, the Stewards shall have the power of ordering that the settlement on such race shall be suspended until the objection shall have been investigated; but if any such objection be made after the race, it shall not affect the bets, which must go with the horse that comes in first, provided that he is of the right age, and not otherwise disqualified by the laws of racing.

19. No person who has once subscribed to a stake shall be allowed to withdraw his name, and no nomination shall be altered in any respect after the time of closing, without the consent of all the parties in the race being first obtained.

20. When a person takes a nomination for a stake, in which the forfeit is to be declared by a particular time, and does not declare forfeit by the time fixed in the article, he shall thenceforth be considered to have taken the engagement on himself, and his name shall be substituted for that of the original subscriber.

21. When any person enters a horse in a fictitious name, the person so entering must be held responsible for the stake or forfeit, exactly as if such horse had been entered in his own name; and in the event of the forfeit not being paid at the proper time, the person making the nomination shall have his name posted and advertised in the usual manner, and be liable to all the penalties of a defaulter.

22. When the day fixed for closing or naming for any stake, or for declaring forfeit or produce, shall fall on Sunday, subscriptions, nominations, or declarations for such stake may be received on the following day, provided that there is an interval of one clear day between the day of closing, naming, or declaring, and the day of running.

23. In every sweepstakes in which there shall be any allowance of weight to the produce of untried horses or mares, such allowance shall be claimed on the article by each subscriber before the expiration of the time of naming; and if not so claimed no allowance shall

be made, even though the horse or mare should prove to have been untried at the time of naming.

Respecting Stakes, Forfeits, and Bets.

24. All stakes for matches, subscriptions, and sweepstakes, shall be made before the hour of starting for the first race of the day, in cash, bank-bills, or bankers' notes, payable on demand, and be paid into the hands of the person appointed by the Stewards to receive the same; and in default thereof by any person, he shall pay the whole stake as a loser, whether his horse came in first or not, unless such person shall have previously obtained the consent of the party or parties with whom he is engaged, to his not staking. But this rule is not to extend to bets, which are to be paid and received as if no such omission had happened.

When any person has more than one nomination in a stake, he shall not be allowed to start any horse for it unless the forfeits be paid for every horse which does not start, belonging to him, or standing in his name, or in the same name as the horse which runs, as well as the stakes for those which do.

25. A day-book shall be kept by the person appointed by the Stewards to receive the stakes, in which shall be entered an account of all matches, subscriptions, and sweepstakes, to be run for; and as the different stakes are made, they shall be entered therein as paid.

All forfeits or money paid on compromising any match or sweepstakes shall bona fide be entered in the Day-book, in order that all betters may ascertain in what proportion they are to pay and receive.

26. Five pounds per cent. shall be allowed on all forfeits under 100*l.* declared to the Keeper of the Match-book, at or before ten o'clock the evening before running; and if the forfeit amount to 100*l.* and upwards, 10*l.* per cent. shall be allowed. All forfeits shall be paid before twelve o'clock at night of the day fixed for the race, and on those forfeits which shall not be so paid the deduction for the timely declaration of such forfeits shall not be allowed.

No horse shall be considered as struck out of his engagement, unless the owner, or some person authorized by him, shall give notice to the Keeper of the Match-book, or to his Clerk, or to one of the Stewards present.

27. No person shall start a horse for any race, either in his own name, or in that of any other person, unless both the owner and namer of such horse shall have paid all former stakes and forfeits to the Keeper of the Match-book before the time fixed for starting for the first race of each day on which he intends to start his horse. And this rule shall extend to forfeits due elsewhere than at New-

market, provided a notice of such forfeits being due, shall have been delivered to the Keeper of the Match-book by ten o'clock in the evening preceding the day of running.

No horse shall start for any race unless all former stakes and forfeits due for that horse shall be paid before the time fixed for starting for the first race of the day on which such horse is intended to run, provided that an objection to such horse starting shall have been made by ten o'clock in the evening preceding the day of running, to the Keeper of the Match-book.

28. A list of all stakes and forfeits due at Newmarket, or elsewhere, shall be exhibited in the Coffee-room at Newmarket, and a similar list at Messrs Weatherby's office, in London.

The Keeper of the Match-book shall enter upon this list all stakes and forfeits at Newmarket that are left unpaid at the expiration of the week following that in which the same shall have been incurred.

The Stewards or Managers of races elsewhere are recommended to direct the person appointed to receive stakes to send to Messrs Weatherby a list of unpaid forfeits, as soon after the races as conveniently may be, in order that the same may be placed upon the Forfeit List, and if the stake-holder shall omit to make such last-mentioned return within a reasonable time, it may be made by the respective winners of the races for which the forfeits are due.—These returns in all cases to be made in writing, and signed by the parties making them.

29. In case any forfeit shall remain unpaid three calendar months from the time at which it has been put first upon the list, a notice of such forfeit being due, with the name of the subscriber to the stake, and the name or description of the horse, with the name, or sufficient description of the stake, and the amount of the forfeit, shall be advertised in every succeeding sheet Racing Calendar, until Messrs Weatherby shall receive notice in writing from the stake-holder at the place where the forfeit was incurred, or from the winner of the race, that the same is paid, or until it shall be paid at Messrs Weatherby's office.

No person whose name shall appear in such advertised list, shall be entitled to enter or name a horse for any plate, sweepstakes, or subscription, either in his own name or in the name of any other person, unless he shall pay up all the forfeits, in respect of which his name appears in the list, before the expiration of the time of naming for such stake, &c. and no horse which appears on such list shall be qualified to be entered for any race whatever, unless the forfeits mentioned in the said list as due for such horse shall be paid before the expiration of the time of naming or entering for such race; and no horse, whose name shall appear in such list, shall be qualified to start for any race, unless the aforesaid forfeits shall be paid before the

time fixed for starting for the first race of the day on which such horse is intended to run.

30. And in order to prevent persons, who are defaulters, from evading these laws, and continuing to engage horses by the use of fictitious names, the Stewards of the Jockey Club shall have the power of calling upon a nominator to produce satisfactory testimony that the horse named is not the property, either wholly or in part, of any person whose name appears in the advertised list of defaulters; and if the nominator shall fail to do so, the Stewards may cause the nomination to be erased.

31. All persons whose names appear on the list of defaulters may be warned off the Course, at the discretion of the Stewards, and prohibited from training or exercising horses on any part of the ground in the occupation of the Jockey Club.

32. When a horse is sold with his engagements, or any part of them, and a notification of such sale is delivered to the Keeper of the Match-book, the seller shall not have the power, after the delivery of such notification, of striking the horse out of the engagements with which he is sold; but, as the original subscriber remains liable to the respective winners for the amount of the forfeits in each of these engagements, he may, if compelled to pay them by the purchaser's default, place the forfeit on the Forfeit List in the usual manner, as due from the purchaser to himself; and until this forfeit is repaid, both the purchaser and the horse shall remain under the same disabilities as if the purchaser had been the original subscriber. —In all cases of sale by private treaty the written acknowledgment of both parties that the horse was sold with the engagement, shall be necessary to entitle either buyer or seller to the benefit of this rule.

33. When a person has a horse engaged in the name of another person, and is entitled, by purchase or otherwise, to start the horse for such engagement, but, in consequence of the namer being on the list of defaulters, should be prevented from starting his horse without previously paying up a forfeit to which he was not otherwise liable, he may, if he pay this forfeit, start his horse, leaving the forfeit on the list, and substituting his own name for that of the person to whom it was previously due; and if he should be compelled by the Laws of Racing to pay any forfeit, which had not yet been put upon the List, he may, after paying the amount of the forfeit, have it put upon the Forfeit List in the usual manner, as due to himself.

34. If any bet shall be made from signal or indication, after the race has been determined, such bet shall be considered as fraudulent and void, and shall not be paid. And if any servant belonging to a member of this society shall be found to have betted from any such signal, or shall be concerned in making any such signal, he shall be dismissed from his service, and no further employed by any member of this society.

35. All stakes and bets, whether expressed to be in guineas or pounds, shall be paid in pounds sterling.

36. All double bets shall be considered as play or pay bets.

37. All bets depending between any two horses shall be void if those horses become the property of the same person, or of his avowed confederate, subsequently to the bets being made.

38. All bets between particular horses shall be void if neither of them happen to be the winner, unless agreed by the parties to the contrary.

39. If a match or sweepstakes be made for any particular day in any race-week, and the parties agree to change the day to any other in the same week, all bets must stand; but if the parties agree to run the race in a different week, all bets made before the alteration shall be void.

40. When the riders of any horses brought out to run for any race are called upon by the person appointed to start them, to take their places for that purpose, the owner of every horse which comes up to the post shall be considered as liable to pay his whole stake, and all bets respecting such horses shall be considered as play or pay bets.

41. When any better has been adjudged to be a defaulter, by the Stewards of the Jockey Club, notice shall be given to him that he will not be permitted any longer to come into the Coffee-room yard at Newmarket, nor upon the Race Course there, until it shall have been certified to the Keeper of the Match-book, by his several creditors, that their claims have been satisfied; and if after such notice he should disregard the prohibition, it shall be enforced against him by the usual legal process; at the expiration of the Spring and October Meetings, the names of such defaulters shall be communicated to Messrs Tattersall, in order that they may also be excluded from the Betting-room in their yard.

The Stewards of the Jockey Club will not entertain any claim emanating from a person who has received the above-named notice, until the claims upon him shall be certified to have been discharged.

Trials.

42. No person shall try the horse, &c. of any other person than his declared confederate, without giving notice of such trial, by inscribing the name or proper description of the horse, &c. tried, and the name of his owner, in the Trial-book kept at the Coffee-room, Newmarket, within one hour after the trial has taken place, or by nine o'clock in the morning, in case the trial shall have taken place at an earlier hour; and the hour of running such trial, and also the hour of making the entry, shall be noted in the Trial-book. And in case any trial shall not be entered, the groom having the care of the

horse running with the trial horse, and being present at the trial, or if not present, then the owner of any horse running with such trial horse shall forfeit and pay to the Stewards of the Jockey Club the penalty or sum of 10*l.* for every such offence; but the Stewards shall have the power to mitigate such penalty to not less than 5*l.* in case it shall fall upon any groom.

43. Every bet made upon or against any horse running in a trial, between the time of such trial and the entering it in the Trial-book, whether it be entered within the time prescribed or not, shall be void.

44. Every engagement made with any horse, &c. running in a trial, between the time of such trial and the entering of it in the Trial-book, whether it be entered within the time prescribed or not, shall not be run, but the owner of such tried horse shall be considered as having declared forfeit, and be liable to pay the forfeit accordingly, unless his opponents, or any of them, shall desire to hold him to his engagement. And in case any horse so tried shall have started for and won any race made subsequently to the trial, and before the entry of it in the Trial-book, his owner shall not be entitled to the stake so won; and in case he shall have actually received it, he shall pay it back into the hands of the stake-holder, who shall pay it over to the owner of the second horse, or, in case of a match, shall pay it over to the owner of the beaten horse; but if such horse shall have lost such race, his owner shall not be entitled to claim or to be repaid his stake or deposit for such race; and in those cases such disqualification shall attach to the horse, without regard to any change of the property in him; and if, with respect to the disqualification, there shall be any difficulty in ascertaining the horse or horses tried, the owner of the horse or horses so tried shall be bound, on the request of the Stewards, to declare to them which of his horses ran in such trial, and in case he shall decline so to do, the Stewards shall have the power to fix the disqualification upon any one or more of the horses of such owner at their option.

45. No notice of trial shall be required, where the trial is run at a greater distance than 25 miles from Newmarket.

46. The day, with respect to the engaging of the ground for trials, shall be divided into three periods; that is, previously to eight o'clock in the morning, from one to half-past three in the afternoon, and after half-past three in the afternoon, from the first day of the Craven Meeting to the end of the Houghton Meeting; during the rest of the year the first period extends to nine o'clock in the morning. No one stable-keeper shall engage the ground for more than one of those periods on the same day, nor for more than two periods in the same week.

47. Notice for engaging the ground shall, at least one day before the day it is used, be entered in a book to be kept for that purpose at the Coffee-room in Newmarket. And no notice or warning shall be deemed sufficient unless given as before directed.

48. If any person shall be detected in watching a trial, or shall be proved to have employed any person to watch a trial, he shall be served with notice to keep off the heath; and if in the employment of any member of the Club, or of any groom or rider employed by any member of the Club, he shall be dismissed from his service, and not again employed.

The Cup and Whip.

49. The Cup may be challenged for on the Monday or Tuesday in the First Spring Meeting in each year: to be run for over the B. C. on Tuesday in the First October Meeting following, by horses, &c. the property of members of the Jockey Club: four yrs old carrying 8st. 7lb. five years old, 9st. 2lb. six years old and aged, 9st. 6lb. Each person, at the time of challenging, is to subscribe his name to a paper to be hung up in the Coffee-room at Newmarket, and deliver to the Keeper of the Match-book the name or description of the horse, &c. sealed up, which shall be kept till six o'clock on the Saturday evening of that week; and if not accepted, or only one challenger, to be returned unopened; but if accepted, or if more than one challenger, to be then opened and declared a match or sweepstakes for 200 sov. each, play or play. If the challenge be not accepted, the cup to be delivered to the Keeper of the Match-book, in the Meeting ensuing the challenge, for the person who may become entitled to the same.

50. The Whip may be challenged for on the Tuesday or Wednesday in the Second Spring, or on Monday or Tuesday in the Second October Meeting in each year, and the acceptance must be signified, or the Whip resigned, before the end of the same Meeting. If challenged for and accepted in the Spring, to be run for on the Tuesday in the Second October Meeting following; and if in the October, on the Thursday in the Second Spring Meeting following, B. C., weight 10st. and to stake 200 sov. each, play or pay.

The £1 per cent. Plates.

51. The stake-holder shall deduct 1*l.* per cent. upon all sums won at Newmarket in sweepstakes or matches, where the clear sum to be received by the winner, over and above his own stake, shall amount to 100*l.* or more (unless the winner shall object to allowing such deduction to be made), and the money so raised shall be disposed of in the following manner; viz.

Two handicap plates of 100*l.* each, for four, five, six years old, and aged horses, shall be annually given to be run for; one in the Second October Meeting, A. F., and the other in the Houghton Meeting, from the D. I. And if any horse-keeper shall object to contribute to the above fund, he will not be allowed to start a horse for either of those plates.

The Stake-holder at Newmarket.

52. The stake-holder at Newmarket shall be allowed to retain, out of the stakes in his hands, the following fees, for his trouble; viz.

For every match, one pound.

For every plate, one pound.

For every subscription or sweepstakes, where the whole stake exceeds 100*l.* and does not amount to 1000*l.*, two pounds.

For every sweepstakes, where the whole stake amounts to 1000*l.* or upwards, five pounds.

Relating to other Matters not before specified.

53. If for any plate, sweepstakes, or subscription, the first two horses shall come in so near together that the Judge shall not be able to decide which won, those two horses shall run for such prize over again, half an hour after the last race on the same day; the other horses which started shall be deemed losers, and be entitled to their respective places, as if the race had been finally determined the first time.

54. Every person who shall ride for a race at Newmarket shall be weighed immediately after the same, and shall be allowed 2lb. above the weight specified for his horse to carry, and no more, unless the weight he actually rode be declared as the weight he intended to ride; and if any horse shall carry more than 2lb. above his weight without a declaration having been made by the jockey or the owner of the horse, or by his servant, to the Steward or Keeper of the Match-book at least one hour before the time fixed for the first race of the day, then such horse shall not be considered the winner of the race, even though he should come in first, but shall be placed as the last horse in the race, and his owner shall pay the stake as for a beaten horse; and whether the horse comes in first or not the jockey shall be fined 5l. for his neglect, and shall not be allowed to ride in a public race at Newmarket until the said fine be paid.

55. The persons appointed by the Stewards to weigh the jockies, shall, immediately after each day's race, report to the Keeper of the Match-book how much each horse carried, where he carried more than 2lb. above the specified weight. And the Keeper of the Match-book is, as soon after as may be, to communicate such report to the Stewards, or one of them. And the weight each horse actually carried, if more than 2lb. above his weight, shall be published in the first list printed after the race, and also in the account published in the Racing Calendar.

56. Every groom shall have his horse at the post, ready to start, within five minutes of the time appointed by the Stewards. And every jockey is to be there, ready to start, within the same time. And

every groom and jockey making default herein, shall forfeit 5*l.* to be paid to the Keeper of the Match-book, and by him accounted for to the Stewards.

57. The person appointed to start the horses shall mark in his list the time when the horses in each race actually started; and if there have been any false starts, the first of them shall be considered as the time of starting for that race. And he shall make a report thereof to the Keeper of the Match-book in the afternoon of the day the races are run. And if any delay beyond the allowed time shall have taken place, he shall state by whom, or by what cause, the delay was occasioned. He shall regulate his watch by the Coffee-room clock, which shall be considered as the true time for this purpose.

The person appointed to start the horses has authority to order the jockies to draw up in a line as far behind the starting-post as he may think necessary; and any jockey disobeying the orders of the starter, or taking any unfair advantage, shall be liable to be fined in such sum, not exceeding 5*l.*, as the Stewards of the Jockey Club may think fit to inflict.

58. If any horse, &c. intended to be entered for any plate or subscription, where entrance is required, shall be engaged to run on the day of entrance, he shall not be obliged to show at the time of entrance; but if he have not before run at Newmarket, he shall show at the place of entrance, within one hour after his engagements are over. But no horse that has before run at Newmarket need be shown at the time of entrance, or afterwards.

59. When any match is made in which crossing and jostling are not mentioned, they shall be understood to be barred.

60. When any match or sweepstakes shall be made and no weight mentioned, the horses shall carry 8st. 7lb. each. And if any weight is given, the highest weight shall be 8st. 7lb.

61. When any match or sweepstakes shall be made, and no course mentioned, the course shall be that which is usually run by horses of the same age as those engaged; viz.—

If yearlings, the Yearling Course.
If 2 years old, the Two years old Course.
If 3 years old, Rowley's Mile.
If 4 years old, Ditch in. And
If 5 years old and upwards, Beacon Course.

And if the horses should be of different ages, the course shall be fixed by the age of the youngest.

62. The Keeper of the Match-book shall charge the proprietors of such horses as receive forfeit, and shall be excused from appearing, with the same fees for weights and scales as if they had come over the course.

63. Towards defraying the expense of repairing the course and

exercise ground, one guinea annually shall be paid in respect of every race-horse that shall be trained or exercised, or that shall run any private trial or public race thereon. And the same shall be paid by the stable-keeper or servant having the care of such horse, and be charged by him to the owner of such horse. The Stewards shall make such orders as they think fit relative to the returns to be made by the stable-keepers or servants of the horses under their care, and if any such stable-keeper or servant shall fail to make a true return according to this order, he will be surcharged to one guinea for each horse omitted in his list.

N.B.—At present all trainers are required to send in on the 1st of February a list of the horses which have been under their charge from the 1st of January, and on the 1st of every succeeding month a list of any additional horses that have been under their care since the preceding return.

64. If in running for any race one horse shall jostle or cross another, such horse and every horse belonging to the same owner, or in which he shall have a share, running in the same race, shall be disqualified for winning the race, whether such jostle or cross happened by the swerving of the horse, or by the foul and careless riding of the jockey, or otherwise; and where one horse crosses the track of another next behind him, it shall be deemed a sufficient cause of complaint, even though he be a clear length, or more, before the horse whose track he crosses, it being desirable that, when once the jockey has taken his ground, he should not prevent any other jockey from coming up, either on his right or left hand. And if such cross or jostle shall be proved to have happened through the foul riding of the jockey, he shall be disqualified from again riding at Newmarket: or shall be punished by fine or suspension for a time, as the Stewards shall think fit; it being absolutely necessary, as well for the safety of the jockies themselves as for satisfaction of the public, that foul riding should be punished by the severest penalties.

65. All complaints of foul riding must be made before, or at the time, the jockey complaining is weighed; and it may be made either by the owner, jockey, or groom of the horse, to one of the Stewards, to the Keeper of the Match-book, to the Judge of the race, to the Clerk of the Course, or to the person appointed to weigh the jockies.

66. In naming or entering for any race where there shall be any particular conditions required as a qualification to start, it shall be sufficient if the horse were qualified at the expiration of the time allowed for naming or entering, and he shall not be disqualified by anything which may happen after the expiration of that time, unless so specified in the article; and if any additional weight is to be carried by horses which have won one or more plates or races within the year, it shall be construed to mean the year of our Lord.

67. Where it is made a condition of any plate or subscription that the winner shall be sold for any given sum, the owner of the second horse being first entitled, &c. no other person than one who ran a horse in the race shall be entitled to claim. The horse claimed shall not be delivered till he is paid for; and he must be paid for on the day of the race, otherwise the party claiming shall not be entitled to demand the horse at any future period; but nevertheless the owner of the winning horse may insist upon the claimant taking and paying for the horse claimed.

68. When the qualification of any horse is objected to by ten o'clock in the morning of the day of starting, the owner must produce a certificate, or other proper document, to the Steward, or Clerk of the Course, or to the Keeper of the Match-book, if the case happen at Newmarket, before the race is run, to prove the qualification of the horse; and if he shall start his horse without so doing, the prize shall be withheld for a period to be fixed upon by the Stewards, at the expiration of which time, if the qualification be not proved to the satisfaction of the Stewards, he shall not be entitled to the prize, though his horse shall have come in first: but it shall be given to the owner of the second horse. When the qualification of a horse is objected to after that time, the person making the objection must prove the disqualification.

69. It is expected that every member of the clubs at Newmarket, and every person running or training horses at Newmarket, shall consider themselves amenable to these rules, and such others as the Stewards may from time to time think fit to adopt for the better regulation of racing at Newmarket. And all trainers, jockies, grooms, and servants of such persons are strictly enjoined to observe the same. And if any trainer, jockey, groom, or servant, shall be proved to have been guilty of any infraction of these rules, or orders, or any of them, he will be punished by the Stewards, to such extent as they may think the case requires, and in such manner as they may have the power to enforce.

70. All disputes referred to the Stewards of the Jockey Club will be adjudged according to their published Rules and Orders, where any of them are applicable to the case submitted to them; and where not, according to the established rules of racing.

71. No rule, or alteration of a rule of the Jockey Club, shall take effect till it has been published in the Racing Calendar, unless specially ordered to the contrary at the time the said rule or alteration is adopted.

At a Meeting of the Jockey Club, held on Wednesday in the Houghton Meeting, 1836, it was resolved, that, in future the Stewards should have the power, in cases of urgent necessity, of putting off the races from day to day, and that all bets on such races should stand.

At a Meeting of the Jockey Club, held on Thursday in the Second October Meeting, 1838, which was very numerously attended, it was unanimously resolved :—

That it is the opinion of this Club that it is necessary to declare their extreme disapprobation of horses being started for races without the intention, on the part of their owners, of trying to win them.

That no horse, though coming in first, shall hereafter be deemed the winner of any plate, match, or sweepstakes, whether handicap or not, who shall be proved to have run, or to have continued to run, under a false description, and such disqualification shall remain in force until his proper pedigree shall be ascertained and recorded. But no such objection to the qualification of a horse shall be received after the lapse of twelve months from the time of running.

At a Meeting of the Jockey Club, held on the 16th of October, 1838, it was resolved, that any member of a Racing-club, riding in with the leading horses in a race, shall be fined to the amount of 25 sov. and all other persons to the amount of 5 sov.

ADJUDGED CASES.

CASE I.

A, B, and C run for a subscription, the best of heats. A wins the *first* heat, B the *second*.—C's rider, after saving his distance the second heat, dismounts between the Distance-post and the end, but remounts, rides past the Ending-post, and weighs as usual; starts, and wins the *third* heat, and weighs, without any objection being made.

A, being second the third heat, in a short time afterwards demands the subscription (not knowing till then that C's rider had dismounted), and refuses to start for the *fourth* heat, which B and C run for, and C wins.

It was decided that, no objection having heen made to C's starting for the third heat, he was entitled to the prize.

CASE II.

The winner of a plate, whose horse had distanced all the others, applied for the stakes or entrance-money, which was advertised to be paid to the second-best horse that won a clear heat—one of the distanced horses had won the first heat.

It was decided that the winning horse cannot be deemed the second horse, and therefore was not entitled to the stakes; and all the others being distanced, no other person could claim them.

CASE III.

A gold cup, &c., for horses that never won.

A	-	-	-	1
B	-	-	-	2
C	-	-	-	3

The owner of B claimed on the ground of A's disqualification, he having, the preceding year, won a clear heat at Chelmsford, to entitle him, according to their articles, to the stakes or entrance-money.

It was decided that A was not disqualified, the term "winner" applying only to the horse that beats all the rest.

CASE IV.

Whether a horse having won a sweepstakes of 23gs each (3 subscribers) is disqualified to run for a 50*l.* plate, expressed to be for horses that never won plate, match, or sweepstakes, of that value?

It was decided that it was the practice, in estimating winnings, to consider the clear sum gained only, and consequently to exempt the stake of the proprietor; the horse, therefore, which had won a sweepstakes of 46gs only, viz. two stakes of 23gs each, was not thereby disqualified for the 50*l.* plate above-mentioned.

CASE V.

Mr Baird having entered two horses for the King's plate at Newcastle, in 1793, and won it with Sans Culotte (his other horse not starting), the owner of the second horse objected to his receiving the plate, on the ground that he was disqualified by having entered two horses.

It was decided that Mr Baird was entitled to the plate.

CASE VI.

A betted B that a mare should trot a mile in five minutes, in four minutes and a half, and in four minutes; all of which, it was stated, she won with ease; but B measuring the distance, after the races were over, found it was short of a mile by four yards.

It was decided that, as no objection was made to the measure of the course before starting, and the mare having performed the distance set out, and not objected to, A won all the bets.

CASE VII.

After the race for the Somersetshire stakes at Bath, in 1829, it was discovered that the person in whose name Rasselas was entered was dead before the race was run, and Mr Day, the owner of Liston, who came in second, claimed the stake. The matter was referred to the Stewards of the Jockey Club. It was decided that Liston was entitled to the stake, because, of all the horses *qualified to start for the stake*, he was the first, Rasselas being disqualified by the death of the person in whose name he was entered.

But the Stewards thought that, in this case,—as in that of a horse disqualified to start from the stakes not having been duly made,—the bets should stand according as the horses came in.

CASE VIII.

At Canterbury races, 1829, for the 100*l.* given by the Noblemen and Gentlemen, Mr Pearce's Guildford won the two first heats; but Mr Mattam, the owner of Moor Buzzard, claimed the plate, alleging that Guildford was disqualified, his owner having run two horses for a prize for which heats were run.

It was contended, on the part of Mr Pearce, 1st. That this was not a plate; 2nd. That no objection was made till after the jockies were weighed, and the horse led away.

The matter being submitted to the Stewards of the Jockey Club, they were of opinion that Moor Buzzard was entitled to the prize; and referred to the Rules of Racing, the last but one in page xxvii, vol. 1828, as decisive.

CASE IX.

Blandford, 1829.—For the gold Cup, by subscribers of 10 sov. each, it was a condition that the surplus should be paid to the owner of the second horse, in specie. Brownlock walked over for the cup, so that there was no second horse. The opinion of the Stewards of the Jockey Club was requested, as to who was entitled to the surplus. They gave it as their opinion, that there being no second horse, the surplus must be divided amongst the original subscribers to the cup.

It was determined, on a case which arose at Chelmsford so long ago as the year 1784, where the winner distanced all the five horses, that the winner could not be deemed the second-best horse, and therefore was not entitled to the stakes.

CASE X.

The following nomination was made for a produce sweepstakes at Ascot:—

Lord Tavistock's sister to Benedick, covered by Middleton.

There being two sisters to Benedick, the nomination was incomplete according to the 17th clause of the Rules and Orders. Lord Tavistock ascertained that the other sister to Benedick was sent abroad some time before the stake closed, and submitted that this circumstance sufficiently identified his nomination. The Stewards of the Jockey Club declined to go into evidence of this nature, and decided that the nomination was invalid.

CASE XI.

A question was submitted to the Stewards of the Jockey Club, in the Craven Meeting 1840, as to the qualification of the Duke of Portland's Beiram colt to start for the 200 sov. stakes on Friday in that Meeting, for which stakes he was entered as a b. c. by Beiram, dam by Reveller, out of Veil. Veil had produced two fillies by Reveller; one foaled in 1831, which was the dam of the Duke of Portland's colt, the other in 1832. It was proved to the satisfaction of the Stewards that the latter mare was not living when the Beiram colt was born, and they therefore decided that the nomination was valid.

CASE XII.

For the Stand Cup at Liverpool races, in July 1829, Velocipede was saddled, mounted, and brought out; but on being cantered, the rider found him lame, and did not take him to the post to start.

A question respecting the bets was submitted to the Stewards of the Jockey Club, who decided that the case did not come within the provisions of the 31st clause of the Rules and Orders, and that the bets about Velocipede were not to be considered as play or pay.

CASE XIII.

Two horses ran a dead heat at Newmarket. The owners requested permission of the Stewards to run the race over again between two of the other races of the day. The Stewards decided that the rule 43 (now 53) must be imperative, and that the horses which had run the dead heat must run again half an hour after the last race of the day.

CASE XIV.

A bet of 2 to 1 was laid on Turquoise against Elinor for the Oaks —Elinor, being improperly named, was not allowed to start. The question, whether the bet was to stand or not, was submitted to the Stewards, who agreed to refer it to a general meeting of the Jockey Club, at which it was ultimately decided that the bet was void.

CASE XV.

A admitted that he had lost 100*l.* to B, but declined paying it because he intended paying it to C, who had a claim on B for 100*l.* The Stewards decided that A must pay the 100*l.* to B forthwith, as no transfer could take place without the consent of both parties.

CASE XVI.

For the Lansdowne stakes at Bath, Mrs Day's brother to Lusher, Mr Sadler's Achilles, and Mr Wreford's Wilna, had each won a heat; Wilna was then drawn; Mrs Day and Mr Sadler agreed to divide the stake, and brother to Lusher walked over.—Two questions were submitted to the Stewards of the Jockey Club, who decided—

1st. That the bets should be put together and divided, in the same proportion that had been agreed upon in respect to the stakes.

2nd. That brother to Lusher must carry extra weight on future occasions as the winner of this race.

CASE XVII.

The opinion of the Stewards of the Jockey Club was requested by the Stewards of Rochester and Chatham races on the following case:—

For the Chatham plate, the winner of a stake or plate in 1825 was to carry 7lb. extra, and the question was, whether a filly who had won a plate *subsequently* to the *entering* for the Chatham plate, but

previously to the running for it, was to carry 7lb. extra?—The Stewards of the Jockey Club gave it as their opinion, that she was not obliged to carry 7lb. extra; and they stated that they were aware that conflicting opinions had been given on this question, but on mature consideration they thought the better rule was, that a horse, being duly qualified at the expiration of the time of naming or entering for a stake or plate, should not be affected, as to that stake or plate, by any subsequent event.

This decision has been confirmed by an opinion given on a similar case, transmitted to the Stewards of the Jockey Club in 1832, from the Royal Caledonian Hunt Meeting.

CASE XVIII.

A bets B 50 to 20 that C and D do not both win; C wins, but D was disqualified from starting, as it was a maiden plate, and he had previously won.

Q. Does A win the 20? or is B entitled to a part of the 50?

A. If D was qualified at the time the bet was made, A wins; but if D was disqualified at the time, then the bet is off.

CASE XIX.

A bets B 10 to 8 that Whale did not win either the Garden stakes or the match with Beiram; Whale was beaten in the Garden stakes, and the match with Beiram was off by consent.

Q. Is A entitled to receive or not?

A. The money must be put together and divided.

CASE XX.

On the Thursday evening preceding the race for the Oaks stakes, A betted B the odds to 100*l.* against Ninny winning the Oaks, which bet B refused to pay, on the ground that the mare had been declared not to start before the bet was made. The question was referred to the Stewards of the Jockey Club, and it appearing upon evidence that the mare was declared not to run at seven o'clock on Thursday morning, they decided that the bet was void.

CASE XXI.

A, B, and C start for a plate (with four others), heats; A won the first heat, B won the second, A won the third.

Between the first and second heats, the owner of C purchased A. Is A disqualified?

On investigation, the sale of A to C's owner was acknowledged, but it was stated that no delivery or payment took place until a subsequent day. It was also stated that it was agreed between the

owners of A and C that this sale was not to influence the possession of the plate.

DECISION.

The sale of A to the owner of C, between the first and second heats, being established, A is disqualified, by the 6th rule concerning Horse Racing in General, unless C was drawn before the second heat was run.

CASE XXII.

A B claimed of C D a bet of 500 to 20 upon Satirist for the Doncaster St Leger, which bet he stated he had made with him during the Epsom race-week; C D, on the other hand, stated that the bet was laid against the Duke of Wellington, and claimed 20*l.* of A B.

The bets were not compared before the race, and each party's case was supported by the entry in his betting book.

DECISION.

After hearing the statements of both parties and of their witnesses, the Stewards are of opinion that there is not sufficient evidence to justify them in giving a decision in favour of either claimant, and they therefore decide that both bets are to be struck out, and no money to be paid or received on either side.

In order to prevent as much as possible the recurrence of similar disputes, the Stewards take this opportunity of cautioning all persons to compare their bets before the great races.

BATH AND BRISTOL, 1843,

Will take place on the 25th and 26th of April, being the Tuesday and Wednesday in the week after Newmarket Craven Meeting.

N.B. A large space has been enclosed in front of the Grand Stand since the last Meeting, and sundry other improvements effected on different parts of the Course, which will afford great accommodation to the public. The turf itself is admitted by all racing men who have tried it to be the very best in the kingdom. attention of all owners of horses, particularly those residing in the north, whose patronage and support the Committee are most anxious to obtain. Lord George Bentinck having kindly presented the Committee with a Telegraph and Figures, the same will be used at all future Meetings.
